

## Connector MGO OPEN, Petzl

---

### Product information

Auto-locking directional connector with large gate opening, and a gated connection point.

MGO OPEN is an auto-locking directional connector with a large gate opening for connection to metal structures or to large-diameter cables and bars. It has a gated connection point for attachment to different types of lanyards. If the lanyard is damaged, the connector can thus be reused. MGO OPEN is available in two versions.
