

Pad Eye S-264, Crosby

Product information

- Excellent welding qualities.
- Widely used on farm machinery, trucks, steel hulled marine vessels and material handling equipment.
- Reference American Welding Society specifications for proper welding procedures.

Material: Forged Steel — Quenched and Tempered.

Warning: Pad Eyes are designed to be attached to any structure, equipment, vehicles or machinery in which there is a need or desire for an eye, without the drilling and/or threading required for an eyebolt attachment. The normal method of attachment for pad eyes is by welding. Since Crosby cannot control the method of attachment (i.e. weld quality and size), a Working Load Limit is not provided for pad eyes.
