

Flexible Rope Protector PROTEC, Petzl

Product information

The flexible PROTEC rope protector is designed to protect the rope from abrasion (edges).

- Protection for a fixed rope designed for regular to intensive use:
 - Lightweight, flexible, and high-strength TPU (PVC-free) material
 - Hook and loop straps closure system
- Easy to install:
 - Easy to open with two pull-tabs that can be used with gloves
 - The clip offers a good grip, making it quick and easy to place on the rope
- Versatile:
 - Can be used in both directions, with the clip at the top or at the bottom
 - Fits different rope diameters

Material: TPU, Nylon, Aluminum
