

Pulley FIXE, Petzl

Product information

The FIXE pulley is a compact pulley for setting up haul systems and load deviations. Fixed side plates support quick rope installation and simple coupling with compatible rope clamps in professional rope-access or rescue-related systems.

Best used for:

- Haul systems and load deviations using 6 to 13 mm rope.
- Setups requiring compact hardware with European-standard carabiner compatibility.

Product benefits:

- Fixed side plates allow fast rope installation and setup.
- Self-lubricating bushings provide 71% pulley efficiency.
- 21 mm sheave supports compact, lightweight system design.
- Attachment holes allow compatible carabiners to rotate.
- Maximum working load: 5 kN
