

Carabiner Triact-Lock VULCAN Gold, Petzl

Product information

High-strength asymmetrical carabiner with large capacity.

VULCAN is a high-strength steel carabiner designed for use in difficult environments. The large-capacity asymmetrical shape is ideal for setting multiple anchors. VULCAN can be connected to the CAPTIV bar to favor positioning of the carabiner along the major axis, to limit the risk of it flipping and to keep it integrated with the device. With TRIACT-LOCK automatic locking with triple-action gate opening.

- High-strength steel carabiner for use in harsh environments, particularly suitable for setting up multiple anchors
- Easier handling:
 - Fluid interior design limits the risk of having a catch point and facilitates rotation of the carabiner
 - Keylock system to avoid any involuntary snagging of the carabiner
 - May be used with a CAPTIV positioning bar to favor loading of the carabiner along the major axis, to keep it integrated with the device, and to limit the risk of it flipping
- H cross-section:
 - Ensures an optimal strength/weight ratio
 - Protects markings from abrasion

Material: Steel

Marking: According to standard, CE-marked, UKCA-marked

Standard: EN 362
