Connector EASHOOK OPEN, Petzl

Product information

The EASHOOK OPEN connector is designed for use at the ends of a double lanyard or work positioning lanyard. The excellent grip and automatic locking system facilitate handling when passing intermediate anchors.

- Designed for use at the ends of ABSORBICA-Y, PROGRESS or PROGRESS ADJUST-type double lanyards and the GRILLON-type work positioning lanyard
- Removable connector:
  - gated connection point allows for direct attachment of the connector to the lanyards. If the lanyard is damaged, the connector can thus be reused
  - special connection point helps keep the carabiner loaded on the major axis
- Facilitates handling when passing intermediate anchors:
  - ergonomic shape for excellent grip
  - automatic double-action locking system is easy to use
  - wide opening for easy connection of the connector
  - Keylock system, to avoid any involuntary snagging of the connector
- H-shaped cross-section:
  - ensures an improved strength-to-weight ratio
  - protects markings from abrasion
