

Harness Avao Bod Fast International Petzl

Product information

Comfortable harness for fall arrest, work positioning, and suspension

The AVAO BOD FAST fall-arrest, work positioning and suspension harness is designed for greater comfort in all situations. The wide, semi-rigid waistbelt and leg loops provide excellent support. Its lightweight, breathable construction maximizes air flow. The shoulder straps have a system for stowing the fall-arrest lanyard connectors and keeping them within reach. The DOUBLEBACK self-locking buckles at the rear of the harness, between the waistbelt and the leg loops, allow for a shorter adjustment when the dorsal attachment point is used. The harness also makes it easier to carry and organize work tools, with multiple gear loops and slots for attaching CARITool tool holders and TOOLBAG tool pouches. The harness has an integrated fall indicator on the dorsal attachment point and is fastened with a TRIACT-LOCK automatic locking carabiner. It is certified to North American and European standards. The AVAO BOD FAST features leg loops with FAST buckles.

Material: Nylon, Polyester, Aluminium, Steel

Marking: According to standard, CE-marked, UKCA-marked

Standard: EN 361, EN 358, EN 813
