

Headlamp SWIFT RL PRO, Petzl

Product information

Very powerful, lightweight rechargeable headlamp with multi-beam and REACTIVE LIGHTING® technology. White or red lighting to preserve night vision and stealth. 900 lumens.

Designed for activities where stealth is key, the SWIFT RL PRO rechargeable headlamp provides 900-lumen brightness. With its REACTIVE LIGHTING® technology, a sensor analyzes the ambient light and automatically adjusts brightness to user requirements. It also has red lighting to preserve night vision and stealth. The lamp is compatible with Petzl helmets, and mounting accessories allow it to be attached to a variety of helmet types.

Marking: CE-marked
