

Lanyard ABSORBICA®-Y MGO Petzl, International Version

Product information

Double lanyard with integrated energy absorber and MGO connectors.

ABSORBICA®-Y MGO is a double lanyard with compact energy absorber, designed for progression on a vertical structure or a horizontal lifeline, and for passing intermediate anchors.

It is available in two lengths: 80 or 150 cm versions (without connectors). The 150 cm version has elasticized arms to avoid hindering progression. Equipped with two large-opening MGO connectors and a Bm'D connector with a CAPTIV positioning bar, it is certified to American, European, and Russian standards.

Material: Polyester, nylon, high-modulus polyethylene, aluminum

Marking: According to standard, CE-marked

Standard: EN 355

Note: For users weighing between 50 and 140 kg.
