Helmet V-Gard Fas-Trac® III MSA with PVC Sweatband

Product information

Reliable, UV stabilised HDPE non-vented helmet shell, with overhead straps made of woven polyester providing high comfort and long term, consistent shock absorption performance. This ensures a consistent performance and comfort level, even under the influence of moisture or low temperatures. The helmets sophisticated 4 point attachment provides good positioning, stability and better air circulation.
It's perfect for use with face masks with ideal positioning of the harness through height and length adjustment. Self-adjusting textile crown straps for fast height adjustment and comfortable fit.

- **Balance and Stability**
  - Lower nape strap improves retention: Helmets stay on when leaning over
  - Adjusts for a custom fit to the back of the head
- **Headband Comfort**
  - The comfort pad by separating the ratchet from the head, cradles
  - The head increasing comfort and cooling airflow
  - Prevents hair from getting pulled
- **Ease of Use**
  - Ratchet offers smooth rotation: reduced effort to turn
  - Easy grip knob adjustable even with gloves on
- **Adjustability**
