Polyform Heavy Duty Fender HDF

Product information

Strong, durable air-filled fenders for commercial use. Manufactured in one piece with extra reinforced rope holders. HDF fenders are roto-molded from a strong, 8/12mm thick semi-soft thermoplastic material.

High resistance to wear and light weight. Resistant to sea water, cleaning agents, common solvents, mineral oil and UV light.

Special Features

- Light weight (HDF 9-12 under 30 kg).
- Easy handling.
- High energy absorption.
- Long life - high durability.
- Cost effective.
- Resistant to sunlight.
- Resistant to seawater, mineral oils, cleaning agents and common solvents.
- A one-piece product, no wires or liners to reduce lifespan.
