

Pillar Jib Crane Underbraced, Hollow Section 270° PFICL

Product information

The jib crane PMICL is reserved for an indoor use and built with a hollow section, PMICL allows 270° rotation. This jib crane cannot be motorized.

Intended to be equipped with a manual or electric hoist, this model has a great versatility with his trolley hoist mounted on plastic rollers. Floor fixing is achieved by chemical anchors only.

Options

- Lockable main switch
- Rotation stops to weld onto the assembly, or adjustable
