

Safety Harness P-500 Hi-Viz Orange

Product information

The P-500 harness can be quickly donned because of the design. It is equipped with pads, breathable vest and automatic buckles. All this minimizes the time to adjust the harness to the user and enables quick start of the work.

The P-500 is a comfortable, ergonomic full body and rescue harness that can be quickly donned. Automatic buckles allow the harness to be put on efficiently without loss of adjustment. The harness allows immediate access to tools by equipment holders and integrated loops.

Attachment points - metal and textile - provide tremendous versatility. The harness is equipped with rescue loops and fall indicators.
