Immersion Suit Viking YouSafe™ Blizzard

Product information

Premium Polar immersion suit in a multi-layer system with double thermal insulation to protect you in the harshest of conditions. Built-in buoyancy eliminates the need for a separate lifejacket.

- Recommended for Polar code applications
- PU coated Nylon shell with quilted thermal liner that doubles the insulation of a standard SOLAS immersion suit
- Multi-layer suit with integrated buoyancy
- 300 gr insulation
- Comes with SOLAS approved emergency light, whistle, buddy line and lifting becket
- High visibility in dark water

Applications:

- Commercial vessels
- Fishing vessels
- Passenger vessels
- Offshore Oil & Gas
- Navy
- Polar Code applications
- Yachting

Sizes:

- 54/Universal: Height from 140 cm to 200 cm, weight from 50 kg to 100 kg.
- 58/Oversize: Height from 190 cm to 210 cm.
