Dyneema Webbing Sling, St’Anneau Pro, Petzl

Product information

St’Anneau is a lightweight alternative to classic slings, available in three lengths with colour coding for easy identification.

Petzl's St'Anneau is a stitched sling made of high performance polyethylene, more static than nylon or polyester, but lighter and more flexible. Great for anchors and belay stations.

- Lighter and more flexible than nylon slings
- Very abrasion resistant
- Available in 3 colour-coded sizes for easy identification: 24, 60 and 120 cm
