

## Emergency Escape Breathing Device YB15 EEBD

---

### Product information

The YB15 EEBD is an escape breathing apparatus which provides a constant supply of air for rapid escape from hazardous industrial and marine environments. The EEBD is available in durations of 15 minutes in high visibility PVC or black anti-static polyurethane materials.

#### Product benefits:

- 15-minute air supply supports fast evacuation from hazardous atmospheres.
- Hood-based design and quick-start tab help users don it quickly.
- Full-face hood with flexible neck seal improves fit and wear comfort.
- Outside pressure gauge and audible low-content warning support quicker checks.
- MED-approved and listed to SOLAS, FSS Code, ISO 23269-1:2008, EN 1146:2005, and EN 12021 requirements.
