

Chest Harness TOP, Petzl

Product information

The Petzl TOP is a chest harness designed to convert compatible Petzl sit harnesses into fall-arrest harnesses. It connects to AVAO SIT, AVAO SIT FAST, FALCON, FALCON MOUNTAIN, SEQUOIA and SEQUOIA PLUS harnesses, providing a sternal attachment point for a fall-arrest system.

Its padded, widely spaced shoulder straps help reduce neck chafing and distribute load over the shoulders when the waistbelt is loaded. Thin sliding straps and breathable padding support freedom of movement during work.

Best used for:

- Converting specified Petzl sit harnesses for fall-arrest applications.
- Work at height requiring a CE EN 361 compliant harness configuration.

Product benefits:

- Sternal attachment point connects to compatible fall-arrest systems.
- Widely spaced padded straps reduce neck chafing during work.
- Sliding straps and breathable padding support freedom of movement.
- DOUBLEBACK buckles with anti-slip devices simplify fit adjustment
