

Fall Arrest ASAP® KIT with ASAP'SORBER 20, Petzl

Product information

The Petzl ASAP Kit with ASAP'SORBER 20 is a pre-assembled fall-arrest system for single-person work at height. The ASAP mobile fall arrester follows the user along the rope and locks during a fall or uncontrolled descent, providing a ready-to-use system for users up to 140 kg.

Best used for:

- Single-person fall protection for users up to 140 kg.
- Work on vertical, horizontal or angled safety ropes.

Product benefits:

- Pre-assembled components simplify installation and system preparation.
- ASAP follows rope movement without requiring manual operation.
- Locks during falls and uncontrolled descents exceeding 2 m/s.
- Compatible with 10 to 13 mm ropes for application flexibility.
- Conforms to CE EN 12841 type A and CE EN 353-2 in specified configurations ... [Read more](#)

Marking: According to standard
Standard: EN 12841-A, EN 353-2
