

Fall Arrest ASAP® KIT with ASAP'SORBER 40, Petzl

Product information

The Petzl ASAP Kit with ASAP'SORBER 40 is a pre-assembled fall-arrest system for single-person work at height. It combines the ASAP mobile fall arrester with an ASAP'SORBER 40 energy absorber and connectors, providing fall protection for users up to 140 kg.

Best used for:

- Single-person fall protection for users up to 140 kg.
- Work requiring an ASAP system with the 40 cm energy absorber.

Product benefits:

- Pre-assembled system reduces preparation before use.
- ASAP moves freely along the rope without manual operation.
- Locks during falls and uncontrolled descents exceeding 2 m/s.
- Works on vertical, horizontal and angled 10 to 13 mm ropes.
- Conforms to CE EN 12841 type A and CE EN 353-2 in specified configurations
