

Rope Patron PLUS 11 mm

Product information

Patron PLUS is an EN 1891A static rope designed for demanding applications involving heavy loads, including use with motor winches. Its compact 32-braid polyamide construction provides high strength, dimensional stability and resistance to abrasion and dirt ingress while remaining manageable during handling and transport.

Patron Plus 11 mm is tested and certified with the following devices:

- Climbing Technology Easy Speed according to EN 353-2
- Climbing Technology Sparrow (2D646) according to EN 341
- Antron DSD+ according to EN 341A
- Climbing Technology Sparrow 200R according to EN 341-2A

Best used for:

- Motor winch applications requiring a robust EN 1891A rope.
- Demanding environments exposed to dirt, climatic influences and heavy loads.

Product benefits:

- EN 1891A compliant for defined static rope applications.
- Compact 32-braid construction supports durability and dimensional stability.
- Polyamide core and cover provide high strength at low weight.
- Robust cover protects against abrasion and dirt ingress.
- Soft handling simplifies transport, storage and operational handling.
